Food and Refreshments

Food and Refreshments - the clubs felt it was important to encourage the young players to eat healthily and for that reason clubs wanted to make their own food arrangements to avoid junk food being offered to players. This would also be an additional expense if clubs had to offer food to opposition.

It was felt that parents should be made aware of this in advance and if there was no tea/coffee on site for parents attending as spectators then advice as to nearby restaurants/coffee shops given in the fixture confirmations. If teams know in advance it was felt this would not be an issue.

As a minimum requirement home teams must welcome visiting team staff with a tea and coffee on arrival.
